## WHAT PEOPLE SAY ABOUT LIBERTYCON

"This was my second LibertyCon, I didn't think it could get better than Miami but somehow it truly surpassed it! I think being in Washington DC puts us in the heart of the liberty movement. It was so important to see all those fighting for freedom, people and organizations from all over the world, gathered together building a better network and a brighter future. I personally made many invaluable connections and was most impacted by seeing the positive reactions to the distribution of our new North American student magazine LockeSmith."

**CONNOR SUTTON**

Regional Coordinator for East Canada

"LibertyCon 2024 felt like a much needed family reunion, a celebration of the past year's victories, and an intense learning opportunity all at the same time. Speaking with coordinators, donors, speakers, organizations, and board members infused me with immense passion for this movement. Since returning to my home, I have been more devoted to SFL than ever before with the projects I had already begun and even some new ones."

**ANNIKA SIMOVART**

Regional Coordinator for the U.S.
